

Goroc3

The all-rounder

The Goroc3 is one of the most versatile e-bikes. The dynamic multi-talented e-bike is as impressive around town as it is in the mountains. Its battery capacity of up to 1125 Wh (with the DualBattery option) guarantees a massive range, which is ideal for endless tours and great differences in altitude. Equipped with high-quality mudguards, a luggage rack, lights, and a bike stand, the Goroc3 is the ideal everyday companion. Once you leave paved roads behind, the full suspension and powerful Bosch Performance Line CX drive of the latest generation ensure comfortable and dynamic riding enjoyment. The Goroc3 is also available as a high-speed version with pedal assist of up to 45km/h.
