

# Uproc1

## The endurance purist

---

The Uproc1 is a premium hardtail that has been reduced to the essential and comes up trumps in terms of its range. The 625 Wh battery is elegantly integrated into the frame and may be optionally extended with a DualBattery to achieve a possibly record-breaking battery capacity of 1125Wh in total. The lightweight yet rigid frame, in combination with the Bosch Performance Line CX of the latest generation, guarantees agile and extremely dynamic handling – whether on or off road.

625 Wh

500 Wh
