

Upstreet1

The agile speedster for around town

The Upstreet1 displays its greatness in confined spaces. With its compact dimensions and refreshing design, this extraordinary e-bike combines urban mobility with riding fun. Despite its compact 20-inch wheels and agility, the Upstreet1 boasts an astoundingly high level of riding stability, and with the riding comfort expected of FLYER, is convincing over long distances, too. The whisper-quiet Bosch drive of the latest generation allows you to ride through urban areas almost silently. And through all this, the Upstreet1 remains faithful to the "one for all" motto: this one-size e-bike is suitable for anyone who is 150 to 190 centimetres tall.
