

# Goroc1

## The indefatigable all-rounder

The fully equipped Goroc1 is not only a pleasure to ride on asphalt, but also wherever paved roads end. Its mountain bike genes are not only discernible in its appearance and sporty seating position, but also in its dynamic handling, which is supported by the powerful Bosch Performance Line CX drive. Its battery capacity of up to 1125 Wh (with a DualBattery option) guarantees a massive range, which is ideal for extensive tours and endless differences in altitude. Its lights, mudguards and rack combined with a frame designed for an extremely smooth ride and with stable all-terrain tyres mean that the Goroc1 is a modern and environmentally friendly "SUV". Every metre and every second in the saddle of the Goroc1 are an unforgettable experience.

**Goroc1 4.30 DualBattery**  
Mercury Red / Black Gloss

### Bosch Performance Line CX motor

The most powerful Bosch drive is particularly compact, yet still provides high levels of performance and efficiency. The Performance Line CX offers impressive acceleration, reacts without delay and is convincing with its agile handling and enhanced control. With a torque of 85 Nm, up to 340 % perfectly dispensed assistance and dynamic response characteristics, the Performance Line CX takes e-biking pleasure to new heights.

### Bosch Intuvia display

The Intuvia offers ease of operation, self-explanatory handling and a display that is ideal to read whatever the lighting conditions. You have an ideal overview of all riding data at all times.

### Double range (optional DualBattery)

The battery capacity of up to 1125 Wh (with a DualBattery option) guarantees a massive range, which is ideal for endless tours and great differences in altitude.
