

Goroc2

The proven all-purpose hardtail

Whether for everyday use or when travelling, the Goroc2 inspires confidence even when the surface becomes increasingly rough. This hardtail is characterised by riding stability, comfort and propulsion. Suitable for everyday use, this impressively versatile all-rounder boasts a comfortable geometry with a low standover height, stable all-terrain tyres and road bike features. The suspension fork with 120 mm of travel, strong disc brakes and the powerful Panasonic motor with intelligent FLYER control allow adventures off the beaten track – even with luggage. The Goroc2 is ready for the next adventure.

Goroc2 4.30
Vintage Brass / Black Matt

Panasonic GX Ultimate motor

Weighing just 2.9 kg, the Panasonic GX Ultimate is one of the lightest in its class, yet at the same time provides record levels of assistance with 90 Nm torque. The powerful drive unit is impressive with its constant power output across an extremely wide pedal cadence range, which means the best level of assistance is also guaranteed at a low pedal frequency.

FIT display and remote

The control elements developed by FIT are clearly laid out, simple to operate and perfectly ergonomic – quality you can touch and experience.

FLYER SIB-750 or SIB-630 battery

The semi-integrated 630 or 750 Wh FLYER Smart Integrated Battery (SIB) provides a great deal of energy for long tours that cover large differences in altitude.

Goroc2 2.10
Black Shading/Black Gloss

SIB battery integration

Smart battery integration makes it easy to change the battery and guarantees a vibration-free fit even in rough terrain. The L-shaped down tube construction maximises frame rigidity and guarantees precise and confident handling.

29" wheels

With their excellent roll-over resistance, the large 29-inch wheels guarantee a high level of riding stability plus comfortable and confident handling.

29" x 2.35" mountain bike tyres

Mountain bike tyres with dimensions of 29 x 2.35 inches guarantee traction and riding safety even off road.
