

# Gotour5

## The comfortable classic model

Day after day, whether you are riding to the lake for a swim, to the beer garden for dinner, or simply out into the countryside for a relaxing picnic, the Gotour5 is always in its element. The Gotour5 has been consistently designed for comfort with its upright seating position, height-adjustable handlebars with Speedlifter and comfortable saddle. The stable low step-through frame guarantees a smooth ride and confident handling. Combined with the Panasonic motor that provides smooth and powerful assistance and the high-capacity battery designed for a long range, the Gotour5 guarantees endless riding enjoyment. The comfortable classic model is the luxury product of the future.

**Gotour5 7.23**  
Cast Silver Gloss

### Panasonic GX Ultimate / GX Power motor

The powerful Panasonic motors provide a great deal of power for steep ascents and effortless hill starts. The top models are equipped with the powerful Panasonic GX Ultimate, which delivers 90 Nm torque. The entry-level models come with the particularly quiet Panasonic GX Power, which also provides assistance up to 300 % and a maximum torque of 60 Nm.

### FIT display and remote

The control elements developed by FIT are clearly laid out, simple to operate and perfectly ergonomic – quality you can touch and experience.

### FLYER STB-750 or STB-630 battery

With its high-capacity 630 or 750 Wh FLYER Seat Tube Battery (STB), the Gotour5 is a champion of both distance and altitude. The battery can be charged on the bike itself or easily removed. The large grip area makes for simple handling.

**Gotour5 7.10**  
Jeans Blue Gloss

**Gotour5 5.00**  
Pearl Black Gloss

#### **Speedlifter Twist**

With the Speedlifter Twist, the handlebars can be vertically adjusted in just two steps (no tools required), allowing you to set a comfortable seating position. The handlebars can be turned 90° to save space when storing the FLYER e-bike.

#### **Wide and low step-through**

For convenient mounting and dismounting. The low centre of gravity guarantees confident handling and maximum riding safety.

#### **Low-maintenance belt drive (Gates Carbon Drive)**

The high-quality carbon-reinforced belt drive is clean, particularly low maintenance and does not rust.
