

# Uproc1

## The endurance purist

The Uproc1 is the perfect companion for e-mountainbike beginners who are looking for extended riding enjoyment on moderate terrain. The hardtail has been reduced to the essential and boasts a particularly impressive range. The 625 Wh battery is elegantly integrated into the frame and may be optionally extended with a DualBattery to achieve a possibly record-breaking battery capacity of 1125 Wh in total. The lightweight yet rigid frame combined with the new Bosch Performance Line CX drive guarantees agile and extremely dynamic handling. The Uproc1 is perfectly equipped for extended tours with a full load of enjoyment.

**Uproc1 4.30**  
Anthracite/Lime Green Matt

### Bosch Performance Line CX motor

The most powerful Bosch drive is particularly compact, yet still provides high levels of performance and efficiency. The Performance Line CX offers impressive acceleration, reacts without delay and is convincing with its agile handling and enhanced control. With a torque of 85 Nm, up to 340 % perfectly dispensed assistance and dynamic response characteristics, the Performance Line CX takes e-biking pleasure to new heights.

### Bosch Purion display

The Purion is the minimalist display for anyone who wants an uncluttered look on their handlebars. The compact display is also the operating console and shows the most important information.

### Double range (optional DualBattery)

The battery capacity of up to 1125 Wh (with a DualBattery option) guarantees a massive range, which is ideal for endless tours and great differences in altitude.

**Uproc 4.30**  
Space Blue / Solid White Matt

**Uproc 2.10**  
Anthracite Matt

**Battery handling**

The main battery, which is fully integrated into the down tube, can be removed in just two steps and charged externally.

**MonkeyLink interfaces**

The intelligent MonkeyLink interfaces make it extremely easy to click accessories, such as a headlight, into place using a magnetic feed. The lights are supplied with energy from the e-bike's battery.
