

Upstreet2

Compact take-along transport

Whether you are on a camping trip or on your daily commute by train, the Upstreet2 comes into its own when space is at a premium. The compact folding bicycle does not have to make any concessions in terms of its riding performance: thanks to its clever folding hinge with double protection and its stable frame, the Upstreet2 provides astonishing riding stability and comfort. The agile 20-inch wheels and the smooth Bosch drive guarantee dynamic riding enjoyment. And through all this, the Upstreet2 remains faithful to the "one for all" motto: this one-size e-bike is suitable for anyone who is 150 to 190 centimetres tall. There are truly limitless opportunities for the small Upstreet2 to provide a great deal of additional freedom.

Bosch Active Line / Active Line Plus motor

With a sporty torque of 60 Nm and a high level of performance, the Bosch Performance Line drive unit also provides the right level of assistance at the right time. The entry-level model is equipped with the Bosch Active Line Plus. The particularly quiet motor provides the rider with assistance up to 50 Nm.

Folds up compactly

In just a few steps and without tools, the Upstreet2 can be folded up compactly and stored in a small space. Its dimensions are 93 x 85 x 40 cm when folded, which makes the Upstreet2 easy to transport – free of charge on public transport in many places.

Stable folding mechanism

The cleverly constructed folding mechanism is easy to operate. A safety catch prevents unintentional opening.
