

Upstreet4

The indefatigable long-distance e-bike

The Upstreet4 just keeps on going and is the ideal companion for the urban jungle. The indefatigable long-distance e-bike not only feels good, but also makes everyone look good. With a choice of two batteries and a battery capacity of up to 1125 Wh, the sporty e-bike for commuters is setting new records in terms of range. Equipped with the most powerful Bosch drive and premium features, this first-class bike is designed for frequent riders and ambitious e-bikers. The highest level of comfort is guaranteed over long distances by the comfortable sporty seating position and the frame designed for smooth riding. The Upstreet4 is also available as a high-speed version with pedal assist up to 45 km/h for speedy commuting. Routes are never long enough for the Upstreet4.

Bosch Performance Line CX / Performance Line Speed motor

The most powerful Bosch drive for ambitious riders provides up to 340 % assistance and 85 Nm torque for extremely sporty riding and powerful acceleration. The high-speed model is equipped with the Bosch Performance Line Speed motor, which provides 75 Nm torque up to a speed of 45 km/h.

Bosch Nyon on-board computer (optional)

With the Nyon, you hold the keys to a new and uniquely networked e-bike world in your hands. As part of an intelligent system, the Nyon accompanies the e-bike rider from route planning, to the ride and to the evaluation of activities. The all-in-one Nyon on-board computer combines navigation, e-bike control, riding data and much more in a single device.

Double the range for long distances

The battery capacity of up to 1125 Wh (with a DualBattery option) guarantees a massive range, which is ideal for endless tours and great differences in altitude.

Convenient battery handling

The main battery, which is fully integrated into the down tube, can be removed in just two steps and charged externally.

Gates Carbon Drive

The high-quality carbon-reinforced belt drive is clean, particularly low maintenance and does not rust.
