

GOTOUR 4

THE AGILE WELLNESS PACKAGE

The upright seating position, low center of gravity, and long wheelbase guarantee a relaxed, smooth ride.

The saddle is incredibly comfortable and the handlebars are height-adjustable using the Speedlifter Twist – just two steps and no tools needed. So you can stay comfortable even on long journeys. The FLYER STB

battery (630 Wh) is designed for a large range and is very easy to access. The Panasonic GX Power Plus (75 Nm) or the particularly powerful Panasonic GX Ultimate Motor (up to 90 Nm) provide assistance when needed.
