## THE MOBILE FOLDING WONDER

When space is at a premium, the Upstreet2 comes into own. Thanks to the clever folding joint and sturdy frame, the Upstreet2 offers an incredibly stable, comfortable ride.

This one-size e-bike is suitable for everyone and offers plenty of freedom. The stem and saddle can be adjusted to different heights at any time in just a couple of

steps, without any tools. The Bosch PowerTube battery with 500 Wh is elegantly integrated into the frame. The Upstreet2 is also available with a Gates Carbon Drive. This high-quality carbon-reinforced belt drive is smooth, particularly low maintenance, and does not rust.
